

Echeverria Central Valley, Chile

ECHEVERRIA®

We are very pleased to have Roberto Echeverria Jr. representing her family's winery today. In 1740 the Echeverria family moved to Chile, and has been prominent in Chilean agriculture, and active in grape growing and winemaking since then. In the early 1900s, the Echeverria family established a vineyard and winery in the outskirts of the town of Molina, in the Curicó Valley, the wine heartland of Chile.
