

Talenti Toscana, Italy

We are pleased to welcome, Doctor Roberto Talenti, son of fabled Pierro Talenti. He is now firmly in charge of this tiny jewel of a winery. The winery was founded in 1980 when Pierluigi Talenti decided to acquire the property which had so enchanted him since the 1950s, the period in which he decided to relocate from the mountains of Emilia Romagna to the beautiful and isolated hills of the Montalcino region.
